### **Ride up to the harbor**

#### **The Spot: Prime, Huntington, NY**

This Huntington year-long hotspott calls summer "high season," offering live entertainment every weekend and fab views of Huntington Harbor. With that comes a full dockside menu, a boater's picnic basket menu, musical entertainment, and movie nights.

**You must: Check out the 32-foot indoor wave bar that echoes the water view with a furnished cement surface and sides of tin shingle that shimmer underneath.**
